

## IBPS Reasoning Quiz

**Directions (1-5): Study the following information carefully and answer the given questions.**

A, B, C, D, E, F, G and H are eight men sitting around a circular table. Four of them are facing towards the centre and four of them are facing away from the centre. All of them like a different actress, viz. W, L, O, N, Y, M, Z and T, but not necessarily in the same order.

E faces towards the centre and likes W. Both the immediate neighbours of E face away from the centre and like O and N. D faces away from the centre. Both the immediate neighbours of D face towards the centre. E sits third to the right of F, who likes Y and faces away from the centre. C sits third to the left of F. The one who likes O sits opposite to F. The one who likes L is not the immediate neighbour of F and faces away from the centre. A sits second to the left of C. A does not like Z or T. The one who likes Z sits between H and F. B faces away from the centre and does not like L.
